

Late Season Drop-Off Sheet

Thank you for bringing your tax work to Willington Financial. We look forward to providing the highest quality professional service to you. Due to the late date we are receiving the work, it is possible we may have to extend the filing date of your return. These extensions do not provide any extra time to pay your tax, and extended returns with balances due which are filed after April 15 will give rise to interest and/or penalty charges. **IF THIS HAPPENS IT WILL BE YOUR RESPONSIBILITY TO PAY THEM.**

We will do the best we can to complete your work on time so this is not an issue, but as it could be, we ask you to sign below, acknowledging that you understand the potential issues involved and agreeing to release us from any liability associated with the late filing penalties or interest if you are assessed any. Please use the space below the signature to indicate any special circumstances which differ from prior years' for you. This will allow us, if we are able to review your file before the 15th, to try to determine whether you might owe. You should realize, however, that the only way to really know what you may or may not owe is to complete all aspects of the return and that may, unfortunately, not be possible.

Thank you again,

Willington Financial, PC
